

## STAMPEDE AT BULLFROG.

Population Increasing at Rate of One Hundred Per Day.

BULLFROG, Nev., Sept. 27.—The population of the camp has been increased over 1,000 within the last ten days. With the announcement that the Tonopah railroad is to be extended here, people came rushing in from all parts of the State.

Real estate at Bullfrog, Gold Center, Beatty and Rhyolite, all three towns being bunched together, is trebling in price, and it is almost impossible to buy mining property, except at an enormous figure.

Although the railroad will not reach this district for several months the indications are that the population will soon number four or five thousand people. Tents and dugouts are being erected, and hundreds are striving to get houses in which too few places of business, saloons being the favorite kind.

## STEWART IS DISPLEASED.

He Declares Persons Circulating Stories Trifle With Truth.

Ex-Senator William M. Stewart does not take kindly to the sensational dispatches sent from Reno to San Francisco to the effect that he is to enter the next campaign as a Senatorial aspirant. In an interview given out at Bullfrog he sharply denies the statement in words that are more forcible than elegant.

"It would sound harsh and be considered coarse," he said to call them liars, but they certainly do not handle truth with sufficient care to meet the ends of veracity. No more office for me. I never shall ask for or accept another office of any kind."

Mr. Stewart says that he still holds to his original intention, that of practicing law in his old home State. He says that he returned to Nevada for no other purpose, and that he is now engaged in building up a practice.

## Back From Europe.

Dr. A. W. Lee, son of Dr. and Mrs. S. L. Lee of this city, returned yesterday from Leipzig, where he has been engaged in a postgraduate course in surgery for the past two years. Dr. S. L. Lee's father accompanied him from Illinois.

## Fulton Will Take Charge.

Former District Freight and Passenger Agent A. H. Rising of the Southern Pacific passed through Reno yesterday morning on his way to Chicago, where he goes to attend the meeting of the Transcontinental Freight Bureau. Mr. Rising will return next week and assume his duties as chief clerk in the general freight department of the Southern Pacific, says the Journal.

R. L. Fulton, who has just been appointed to succeed Mr. Rising, will reach Reno within a day or two and on Monday will assume his new duties. Since his appointment as acting superintendent of the Nevada and California, formerly the Carson and Colorado, Mr. Fulton has been located at Hawthorne and Mina.

Over six inches of snow fell in the vicinity of Martlette Lake during the storm of Wednesday.

H. C. Kattlemann has returned from a trip to the coast. He was accompanied back by his son Will.

Daniel Griffin of Reno has been given a sub-contract for the construction of the V. & T. extension.

Since the railroad to Goldfield was completed about two-thirds of the people of Tonopah have moved to the former place.

Howard Becker, the insane man who escaped from the Asylum Wednesday is still at large, although several searching parties are in the hills.

On October 1st, the Goldfield post-office of the second class, the salary office of the second class, the salary being \$2,400 a year. Goldfield is now the largest postoffice in Nevada.

Read, the escaped convict, was reported to be in the vicinity of Tahoe City yesterday with the trailers close on his heels.

Andrew B. Crane, through his attorney, W. L. Maginnis, is bringing suit against the Southern Pacific for \$10,000. Crane was formerly in the employ of the company working on the coal chutes at Winnemucca, Nevada. While at work, he claims, the trestle leading to the sheds broke, and he was thrown violently to the ground, sustaining a dislocated hip, which will cripple him for life. The summons in the case was served today.—Ogden Journal.

## WILL MOVE THE OFFICE.

Weather Bureau Officials Determined to Take Office to Reno.

A dispatch from Washington to the Sacramento Bee says: Prof. Willis Moore, Chief of the Weather Bureau, is intent on moving the station at Carson, together with all the paraphernalia for collecting climate and crop reports, to Reno. Apparently the protest sent by the residents of Carson, with the endorsement of Senator Nixon, will not avail. "I have the protest of Carson citizens," said Prof. Moore. "I would like to grant their request, but cannot see my way clear to do so, keeping the best interests of the weather service in mind. Every inspector I have sent to Nevada brings me the same report—in favor of the location of the weather station at Reno—and you can say I have decided to make the change and that the station will be removed from Carson."

## Want Municipal Water.

At a meeting of the Reno City Council, Tuesday evening, a resolution was passed by a unanimous vote instructing the Clerk to send a communication to the President of the Hunter Creek Water Company asking him to inform the Board at what price on what terms his company would sell the property to the city.

## Picche's Criminal Graveyard.

Picche has a graveyard in which there are buried thirty men who died with their boots on between the years of 1870 and 1874. About 100 murders have been committed in the county since 1870 and only one man was hanged, Hank Parish who was executed in Ely in 1892.

Two highwaymen attacked Major W. S. Long in Reno, Monday night, but the Major will put up such a fight and yelled so lustily that the footpads ran away.

Secretary Taft and party arrived in San Francisco yesterday, with the exception of Senator Newlands and wife, who are still in the Orient.

The Republican says Jack Hardy, a fisherman has discovered a quartz vein near Truckee assaying from \$700 to \$1,000 per ton.

A light snowfall and howling gale heralding the coming of the autumnal equinox storm, were in evidence last night and at daybreak this morning the summit of Mt. Davidson and adjacent ranges were garbed in white.—Chronicle.

The Western Pacific surveyors have platted the town of Chilcoat at Beckwith Pass, where the long tunnel will terminate. The site includes several blocks and the streets are named after old settlers.

The miners who went to South Africa from Grass Valley are all on their way home, not a man remaining. The property they went to work on is unproductive and has changed hands.
